

## **Invitation from Honourary Sponsors**

We are delighted to be Honourary Sponsors of the **Celebration of Community Legal Clinics**. We have been privileged to be involved with the community legal clinics from different vantage points over the past four decades and take pride in this opportunity to celebrate the achievements of legal clinics in improving access to justice for disadvantaged individuals and strengthening their communities. The clinic community now encounters new challenges and new opportunities and needs the support of the legal profession and the public now more than ever. We look forward to the Symposium and welcome your participation in this important initiative.
